Welcome to this charming new construction ranch in Peachtree Place, thoughtfully designed for comfortable one-level living! Offering approximately 1,706 square feet, this 3-bedroom, 2-bath home combines a functional split-bedroom floor plan with an open living space perfect for both everyday life and entertaining. Step inside from the welcoming front porch into a spacious foyer that opens to the heart of the home. The kitchen features a large center island with seating and flows seamlessly into the dining area and family room, creating an inviting open-concept gathering space. Just off the kitchen, a convenient drop zone provides an organized transition from the two-car garage. The private primary suite is tucked away at the rear of the home and features a spacious bedroom, walk-in closet and ensuite bath with dual vanities and a separate shower. Two additional bedrooms and a full bath are positioned toward the front of the home, providing separation and privacy for family or guests. Outside, enjoy additional living space on the rear deck, while the home's attractive exterior offers classic Southern-inspired curb appeal with a covered front porch, board-and-batten accents, decorative shutters, dormers and architectural detailing. A well-designed floor plan, desirable one-level living and a cooled crawl space.
